ADM-7.4

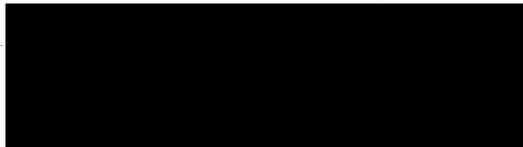

Mr. Charles Lockerby  
IBM, Data Processing Division  
1111 Connecticut Avenue, N. W.  
Washington, D. C. 20036

Dear Chuck:

In September we ordered three Type 026 Card Punches for use in the Agency's key punch training program. These machines were ordered as purchase machines.

In view of recent announcement of the new Type 029 Card Punches, we would like to install the three 026 machines on a rental basis, instead of purchase. Appropriate action will be taken through the Office of Logistics to make this change official.
